WELCOME TO DISPLAY TAIWAN 2013

Welcome to Display Taiwan 2013

Dear visitor,

On behalf of TAITRA and all the Organizers of this show, I would like to take this great opportunity to welcome you all to Display Taiwan 2013.

Display panel is one of the main components of ICT products and Consumer Electronic Products such as TVs, Tablets, Mobile Phones and Digital Signage, etc. And with so much emphasis on smart phones and smart TVs, display panel is undoubtedly the pillar of today's world economy. According to the IHS iSuppli Worldwide Television Market Tracker Report, the global TV market is expected to stabilize in 2013, with shipments remaining flat compared to 2012 (238.5 million units). However the market will return to growth by 2014. And by 2017, global TV shipments will rise to 270.5 million units. The demand for large-size LCD panel is expected to keep increasing in the next few years.

In addition, according to the "Global Touch Screen (Panel) Industry Report, 2012-2013", touch screen market scaled approximately US\$13.8 billion in 2012, an increase of 27.8% compared with US\$10.8 billion in 2011. It's expected that the market size in 2013 will climb 26.8% to US\$17.5 billion.

The global display manufacturers are mostly based in Asia, and Taiwan is one of the major players in display industry with around 32.9% of the worldwide large-size LCD market and 48.4% of global shipments of touch panel.

Stepping into its 15th edition, Display Taiwan 2013 will continue to showcase the latest technologies and products in the display sector, including materials, processing equipment, factory facilities, panels/ touch panels, components as well as all kinds of display products (TV's, Digital Signage), etc.

With so much to offer, Display Taiwan is the place to be to catch the latest trends and innovations, and we sincerely hope that you will have a pleasant and fruitful stay in Taiwan.

Best regards,

Yuen-Chuan Chao
President & CEO
Taiwan External Trade Development Council (TAITRA)

Event Directory

Amgen safety net foundation patient application form.

The Patient Total Program Benefit may be less than the Maximum Program Benefit, depending on the terms of a patient's plan, and may vary among individual patients covered by different plans, based on factors determined solely by Amgen, to ensure all programs funds are used for the benefit of the patient. Participating patients are solely responsible for updating Amgen with changes to their insurance including, but not limited to, initiation of insurance provided by the government, the addition of any coverage terms that do not apply AVSOLA® Co-Pay Card benefits to reduce a patient's out-of-pocket costs, such as accumulator adjustment benefit design or a co-pay maximization program. Each patient is responsible for costs above the Patient Total Program Benefit amounts. Offer subject to change or discontinuation without notice. PROGRAM BENEFITS The AVSOLA® Co-Pay Card does not cover out-of-pocket costs for any patient whose selected coverage option under their commercial insurance plan does not apply AVSOLA® Co-Pay Card payments to satisfy the patient's co-payment, deductible, or co-insurance for AVSOLA®. PROGRAM DETAILS For all eligible patients the AVSOLA® Co-Pay Card offers: A program benefit that covers the patient's eligible out-of-pocket medication costs for AVSOLA® (co-pay, deductible, or co-insurance) on behalf of the patient, up to a Maximum Program Benefit determined by the program per calendar year. Ongoing activation of the AVSOLA® Co-Pay Card is contingent on the submission of the required Explanation of Benefits (EOB) form by the healthcare provider's office within 180 days of the use of the AVSOLA® Co-Pay Card. Patients can enroll/reenroll by calling 1-866-264-2778. Benefits reset each calendar year. The AVSOLA® Co-Pay Card does not cover any other costs related to office visits or administration of AVSOLA®. AVSOLA® patients pay \$5 out-of-pocket for each treatment, and Amgen will pay on behalf of the patient the remaining eligible out-of-pocket prescription costs (up to the Patient Total Program Benefit described below. Patients with these plan limitations are not eligible for the AVSOLA® Co-Pay Card but may be eligible for other needs-based assistance provided by Amgen. These programs are often referred to as co-pay maximizer programs. Patients may use the card every time they receive a treatment with AVSOLA®. FIND HELP FROM AMGEN WHEN STARTING AVSOLA® If you've been prescribed AVSOLA®, you may have questions about your co-pay, insurance, or your options if you do not have insurance. Plan Administrators are prohibited from assisting patients with enrollment in the AVSOLA® Co-Pay Card. A patient is considered cash-paying where the patient has no insurance coverage for AVSOLA® or where the patient has commercial or private insurance but Amgen in its sole discretion determines the patient is effectively uninsured because such coverage does not provide a material level of financial assistance for the cost of an AVSOLA® prescription. If at any time a patient begins receiving coverage for medications under any federal, state, or government healthcare program (including but not limited to Medicare, Medicaid, TRICARE, Department of Defense, or Veteran Affairs programs), the patient will no longer be able to use this card and you must contact AVSOLA® Support at 1-866-264-2778 (Monday through Friday, from 9:00 am to 8:00 pm ET) to stop your participation in this program. It is not valid for cash-paying patients or where prohibited by law. If you believe your commercial insurance plan may have such limitations, please contact AVSOLA® Support at 1-866-264-2778. The patient, or his/her legal representative, must personally enroll in the AVSOLA® Co-Pay Card in order to be eligible for program benefits. Health plans, Specialty pharmacies, and Pharmacy Benefit Managers (individually and collectively "Plan Administrators") are prohibited from enrolling patients in the AVSOLA® Co-Pay Card. Participating in this program means that you are ensuring you comply with any required disclosure regarding your participation in the AVSOLA® Co-Pay Card of your insurance carrier or pharmacy benefit manager. By accepting payments from Amgen made on behalf of participating patients, participating PBMs and Plans likewise are responsible for providing Amgen with accurate information regarding patient eligibility. This offer is not valid for patients whose AVSOLA® prescription is paid for in whole or in part by Medicare, Medicaid, or any other federal or state healthcare program. Click below to discover websites that can provide you with more information about your inflammatory disease and support groups near you. Enrollment in the program is for 12 months. Amgen does not endorse and is not responsible for the content included in this organization. Restrictions may apply. Amgen does not endorse and is not responsible for the content included by these organizations. Patients will be responsible for reimbursing the program for all amounts paid out if the EOB for the date of service is not received within 180 days. Patients may not seek reimbursement for the value received from the AVSOLA® Co-Pay Card from any third-party payers, including a flexible spending account or healthcare savings account. Your Amgen Reimbursement Counselor is here to help. AVSOLA® patients are responsible for all amounts that exceed this limit.). These programs are often referred to as accumulator adjustment programs. Back to top HELPFUL RESOURCES Amgen Safety Net Foundation is a nonprofit patient assistance program sponsored by Amgen that helps qualifying patients access Amgen medicines at no cost. This program helps eligible patients cover out-of-pocket medication costs related to AVSOLA®, up to program limits. Participating patients are responsible for providing Amgen with accurate information necessary to determine program eligibility. This is not health insurance. Patient Total Program Benefit amounts are unilaterally determined by Amgen in its sole discretion and will not exceed the Maximum Program Benefit. Please ask your AVSOLA® Support Representative to help you understand whether your particular insurance coverage is likely to result in your reaching the Maximum Program Benefit or your Patient Total Program Benefit amount by calling 1-866-264-2778. Maximum Program Benefit, Patient Total Program Benefit, Benefits May Change, End or Vary: The program provides up to a Maximum Program Benefit of assistance to reduce a patient's out-of-pocket medication costs that Amgen will provide per patient for each calendar year, which must be applied to the AVSOLA® patient's out-of-pocket costs (co-pay, deductible, or co-insurance). The AVSOLA® Co-Pay Card also may provide a reduced benefit amount, unilaterally determined by Amgen in its sole discretion, to satisfy the out-of-pocket cost sharing requirement for any patient whose plan or plan agent (including, but not limited to, a Pharmacy Benefit Manager (PBM)) requires enrollment in the AVSOLA® Co-Pay Card as a condition of the plan or PBM waiving some or all of an otherwise applicable patient out-of-

pocket cost sharing amount. Patients may participate in the program for 12 months, or continue in the program after that, provided s/he continues to meet all of the program's eligibility requirements during participation in the program, and with program enrollment renewal every 12 months. There is no income requirement to participate in this program. Take me to Amgen Safety Net Foundation Amgen has a sponsorship with National Infusion Center Association (NICA) to help you find alternative sites of care in your area. 1-866-AMG-ASST (1-866-264-2778) Monday to Friday, 9:00 am to 8:00 pm ET Amgen Reimbursement Counselors can help you understand: INSURANCE COVERAGE CO-PAY COSTS DEDUCTIBLE COSTS THE AVSOLA® CO-PAY PROGRAM If eligible and commercially insured, you may be able to lower your out-of-pocket medication costs for AVSOLA®, including*: Enroll in the co-pay program ELIGIBILITY*Eligibility Criteria: Subject to program limitations and terms and conditions, the AVSOLA® Co-Pay Card is open to patients who have been prescribed AVSOLA® and who have commercial or private insurance, including plans available through state and federal healthcare exchanges.
